SOURCE: 48 FR 41354, Sept. 14, 1983, unless otherwise noted.

§ 769.1 Scope.

This part establishes minimum procedures and standards for designating Federal lands as unsuitable for all or certain types of surface coal mining operations and for terminating designations pursuant to petition.

§ 769.10 Information collection.

The information collection requirements in this part do not require approval of the Office of Management and Budget under 44 U.S.C. 3507 because there are fewer than 10 respondents annually.

§ 769.11 Who may submit a petition.

Any person having an interest which is or may be adversely affected by surface coal mining operations to be conducted on Federal lands may petition the Secretary to have an area designated as unsuitable for all or certain types of surface coal mining operations, or to have an existing designation terminated. This right does not apply to areas set aside from surface coal mining operations under laws other than the Act. For the purpose of this section, a person having an inter-

§ 769.12 Where to submit petitions.

Each petition to have an area of Federal lands designated as unsuitable or to terminate an existing designation shall be submitted to the Director of the OSM Field Office responsible for that area where the Federal lands are located.

§ 769.13 Contents of petitions.

OSMRE may request other supplementary information that is readily available to be provided by the petitioner. Any request for such supplementary information from the petitioner shall not affect OSMRE’s determination that the petition is complete for further processing.

(2) *Complete*, (i) for a designation petition, means that (A) all information required under § 764.13(b) of this chapter has been provided and (B) the information submitted by the petitioner contains significant new allegations of fact and supporting evidence not considered in any previous unsuccessful petition of Federal lands review conducted under Section 522(b) of the Act, that tends to establish that the lands are unsuitable for surface coal mining operations; and (ii) for a termination petition, means that all information required under § 764.13(c) has been provided.

(3) *Frivolous*, for a designation or termination petition, means that:
